

Like Liquid Gold

Our flexible fertilizer can be applied multiple ways to unlock strong yields from soil to spray.

PRODUCT BENEFITS:

Provide a source of nutrients to aid plant growth

Improve soil nutrient conditions to support plant growth and yield

Enhance crop nutrition

TECHNICAL INFORMATION:

PRODUCT NAME:

Biomarks

PRODUCT AND FORMULATION TYPE:

Liquid Fertilizer

APPLICATION METHODS & DOSE RATES:

Seed Treatment: 1.7 fl oz/cwt (100 lb of seeds)

Planting furrow: 4.1 fl oz/ac

Broadcast Spray: 4.0 to 7.0 fl oz/ac

CONCENTRATION/GUARANTEES:

Soluble Nitrogen 1%

Sulfur 1%

Molibdenum 0.5%

Zinc 0.8%

Yeast Protein Hydrolysate

CROPS:

Priority: Soybeans, Corn, Sorghum, Wheat, Cotton, Rice, Peanut

Others: Sugarcane, Alfalfa, Beans, Barley, Oats, Canola, Rice, Potato, Tomato

AVAILABLE PACKAGING:

1-gallon jugs (treats 19 to 32 acres or 75 cwt seeds – 150 x 50lb units)

2.5 gallon jugs (treats 46 to 80 acres or 188 cwt seeds – 376 x 50lb units)

SHELF LIFE:

24 months at room temperature

RESULTS AND ROI:

CORN – ROOT AND AERIAL PART WITH FOLIAR APPLICATION IN V3
